Natural Body Armor: The thick layer of blubber beneath the outer skin of a Herglic provides +1D against physical attacks. It gives no bonus to energy attacks.

Story Factors:

Gambling Frenzy: Herglics, when exposed to games of chance, find themselves irresistibly drawn to them. A Herglic who passes by a gambling game must make a Moderate *willpower* check to resist the powerful urge to play. They may be granted a bonus to their roll if it is critical or life-threatening for them to play.
